

PRESENT AT SCIENCE DISCOVERY DAYS WEDNESDAY, MARCH 28

Are you passionate about your science career and enjoy sharing your path, position and passion with students?

Sanford Research opens its doors to 250-275 high school students to connect with you and learn about what it takes to be a scientist.

We invite you to host an interactive, hands-on workshop session that highlights your science and/or research, and to discuss your professional pathway to your career. Need assistance on how to engage the students? Please connect with the PROMISE team and we can assist in the development or provide materials for your session.
