
Middle School Unit #1: Stuck Like Glue – Stuck On You

Module Creator

Dr. Becky Bundy
Science Education Specialist
Sanford Underground Research Facility
Black Hills State University

Topics/Questions/Standards:

- Students are introduced to biofilms and why bacteria form them. Investigations focus on factors influencing the growth of organisms, including biofilms at Sanford Lab and in a wide range of other environments.
 - MS-LS1-2; MS-LS1-5; 6-8 ETS1-2
 - Grades 6-8
-
