
Middle School Unit #2: Dead Zones

Module Creators

Darin Newton
Middle School Science
Belle Fourche School District

Adriann Frankenhoff
Middle School
Aberdeen School District

Topics/Questions/Standards:

- Students discover that actions taken in South Dakota influence an algal bloom in the Gulf of Mexico, creating a dead-zone where oxygen is depleted and many ocean organisms are unable to survive.
 - MS-LS2-1; MS-LS2-2; MS-LS2-5
 - Grades 6-8
-
